

## Getting You Home Safely After Your Surgery

### Our Escort Policy

Your safety is extremely important to us both before and after your surgery. Please make arrangements to have a family member or friend help escort you home from the hospital after your surgery.

Patients who fail to make these arrangements may risk having their **procedure postponed**.

You must not drive a motor vehicle, operate heavy machinery or make any financial/legal decisions for a minimum of 24 hours after your surgery if you have received an anaesthetic.
