

Lakeridge Health Applauds You!

National Volunteer Week 2020

Not the same here without you ... 😞

A message from Nancy Tanner (Coordinator, Volunteer Resources – LHO):

National Volunteer Week is a reminder and great opportunity to pause, reflect and express our gratitude to our amazing volunteers.

Thank you for your continuous dedication in supporting the patient experience and your unit colleagues. During this unique time of COVID-19, please know the presence of your smocks and blue t-shirts are dearly missed by all of us. (The halls are incredibly quiet.)

I, myself, realize there are so many simple moments which have been pleasantly influenced by you and I really miss them. For example, seeing friendly faces and hearing your voices actually reminds me what day of the week and even what time of the day it is. I love that! It's cute and so endearing to me.

I am so inspired when I think about the selfless and caring service you provide within the hospitals – and to one another.

“Never doubt that a small group of thoughtful, committed people can change the world. Indeed, it is the only thing that ever has.” (Margaret Mead)

During this National Volunteer Week, please know we truly appreciate and applaud you all! Be safe and stay healthy.

You are BRAVER than you believe, STRONGER than you seem, and SMARTER than you think.
~ Winnie the Pooh
