Re: 2016 Self Study Package #2

Our second Self-Study Package for 2016 is now ready and posted on our website. The Fall 2016 Self-study explores the topic of Anxiety.

The reading, questions and the on-line submission form can be found at:

<http://www.lakeridgehealth.on.ca/en/ourservices/selfstudycurrent.asp>

As always, you can either work on the assignment directly on a computer, or the files can be downloaded and saved, or printed for your convenience and future reference.

When you are ready to answer the questions on the reading, please use the “Click here for online submission form” which will allow you to answer the questions directly through the computer and when complete, to hit “submit” and be done with the assignment. When you click on submit, you will not be able to go forward if your personal information and email address are not entered, or you have not answered every question.

Remember, a valid email address is required for you to receive a copy of your submission with your score on the quiz.

Should computer access be a problem and you require a print copy, please let us know and we will have one mailed to your home address.

The due date for the submission of the assignment is: February 8, 2017

Please remember that the submission of this self-study package is your sole responsibility and is mandatory.

Failure to submit by the due date may affect your authorization status with us. If you do not submit the assignment electronically, please call the office to ensure that the submission has been received by us. If you are ever unsure if it has been received, please call the office.
