

## **Dr. Julie Francis**

Colposcopy/Cervical Screening Lead

---

### **Biography**

Dr. Francis serves as the Regional Cervical Screening & Colposcopy Lead for the Central East Regional Cancer Program (CE RCP). In this role, she collaborates closely with the CE RCP Prevention & Screening Team and the Ontario Cervical Screening Program (OCSF) at Ontario Health- Cancer Care Ontario to advance cervical screening efforts across the region. Dr. Francis brings a wealth of expertise and a strong academic background to her role. She has been the Division Head of Gynecologic Oncology at Lakeridge Health since 2018 and an Assistant Professor at Queen's University since 2008. Dr. Francis has sat on numerous Regional and Nations Committees serving in different capacities including the American College of Obstetrics and Gynecology. She has participated on the Ontario Health Cancer Care Ontario's Disease Site group for Gynecology Oncology.

Dr. Francis holds an AB cum laude in the History of Science from Harvard University and earned her MD from Yale University. Dr. Francis completed her residency in Obstetrics and Gynecology at McMaster University, followed by a Clinical Fellowship in Gynecologic Oncology at Western University.
